START USING EMR IN 7 DAYS. GLENWOOD SYSTEMS GLACEEMR FAST TRACK PROGRAM

June 1, 2011 – **Glenwood Systems LLC** announced today that the company has developed a program to provide physicians **GlaceEMR version 4.5**, a 2011/2012 compliant **Complete EHR** ONC certified electronic health record system, in seven (7) business days. The GlaceEMR FastTrack program is a standardized GlaceEMR v4.5 designed for rapid deployment in the field providing physicians a fast and easy way to begin the Meaningful Use incentive process.

"Glenwood Systems recognized that physicians are moving quickly to capitalize on the 2011 Meaningful Use incentive of up to $18,000 but are slowed by extended implementation periods, said Ron Flormann CCO Glenwood Systems LLC, Our goal is to provide physicians with a certified EMR in as little as seven business days so that they can meet the 2011 requirement of 90 days continuous use."

GlaceEMR, Version 4.5, by Glenwood Systems LLC's certification number is CC-1112-347100-1. GlaceEMR version 4.5 CMS ID is 30000001SXNPEAS. ONC-ATCB 2011/2012 certification conferred by CCHIT does not represent an endorsement of the certified EHR technology by the U.S. Department of Health and Human Services nor does it guarantee the receipt of incentive payments.

GlaceEMR, Version 4.5, meets the Complete EHR certification criteria as an integrated bundle of EHR modular products. The products which make up the Complete EHR include: NQF 0421, NQF 0013, NQF 0028, NQF 0041, NQF 0024, NQF 0038, NQF 0059, NQF 0064, and NQF 0061.

The additional software **GlaceEMR, Version 4.5** relied upon to demonstrate compliance includes: SureScripts, Multum Lexi-Data, Java SE 6.0 Security-SHA-512, Java SE 6.0 Security – AES and Adobe SVG Viewer OR Compatible SVG Viewer Browser Plug-In.

GlaceEMR v4.5 is also certified in CCHIT's separate and independently developed certification program. GlaceEMR v4.5 is a CCHIT Certified® 2011 Ambulatory EHR. Glenwood Systems LLC has certified its EHR technology in both programs to provide greater assurance to its customers.

About Glenwood Systems LLC

Glenwood Systems LLC is a privately held Waterbury, CT company that develops software to help healthcare businesses manage patient information and finances.

Glenwood Systems LLC emphasizes product excellence, a high level of customer service and exceptional stakeholder value. Founded in 1998 and enjoying strong growth in its history, Glenwood Systems is quickly becoming a leader in EMR, practice management and physician practice billing services. About CCHIT

The Certification Commission for Health Information Technology (CCHIT®) is an independent, 501(c)3 nonprofit organization with the public mission of accelerating the adoption of robust, interoperable health information technology. The Commission has been certifying electronic health record technology since 2006 and is approved by the Office of the National Coordinator for Health Information Technology (ONC) of the U.S. Department of Health and Human Services (HHS) as an Authorized Testing and Certification Body (ONC-ATCB). More information on CCHIT, CCHIT Certified® products and ONC-ATCB certified electronic health record technology is available at http://cchit.org.

About ONC-ATCB 2011/2012 certification

The ONC-ATCB 2011/2012 certification program tests and certifies that EHR technology is capable of meeting the 2011/2012 criteria approved by the Secretary of Health and Human Services (HHS). The certifications include Complete EHRs, which meet all of the 2011/2012 criteria for either eligible provider or hospital technology and EHR Modules, which meet one or more – but not all – of the criteria. ONC-ATCB certification aligns with Health Information Technology: Initial Set of Standards, Implementation Specifications, and Certification Criteria for Electronic Health Record Technology published in the Federal Register in July 2010 and strictly adheres to the test procedures published by the National Institute of Standards and Technology (NIST) at the time of testing. ONC-ATCB 2011/2012 certification conferred by the Certification Commission for Health Information Technology (CCHIT®) does not represent an endorsement of the certified EHR technology by the U.S. Department of Health and Human Services nor does it guarantee the receipt of incentive payments.
